

New Products and New Beginnings Issue No. 8 - December 2009

New Entry Door Program – Estate Entrances

The CGI Estate Entrances line offers the beauty of wood with the security, durability, quality and strength of heavy-gauge aluminum. The offering includes a wide selection of design options including raised colonial muntins, solid aluminum panels, painted wood grain finishes, custom colors and custom hand forged grills. Doors come in a variety of door, sidelight and transom configurations and come standard with CGI's patented 3-point security locking system.

Initial market response for our Estate Entrances collection has been well received and customers are excited about doors that look like wood, but are low maintenance and have been tested to be intruder and hurricane resistant. (see page 3 for photos)

Horizontal Rolling Windows

The new Horizontal Rolling Window is available in sizes up to 111" x 76" (58.5 SQF) in two and three panel configurations with design pressures as high as +120 /-150 PSF. The introduction of our new horizontal rolling window will round out our existing line of impact resistant aluminum products. Together with our customers, we are very excited about this product introduction. Each operating sash will come with a CGI pair of quad rollers (patent pending) which will make the window operate very smoothly. <http://cgiwindows.com/rolling.html>

Large Format Fixed Windows

The series 410 fixed window is available in sizes up to 60 SQF with design pressures as high as +133/-210 PSF. The system is perfect for large punched openings in residential and commercial applications and we think that the design professionals and customers alike will appreciate the windows clean look.

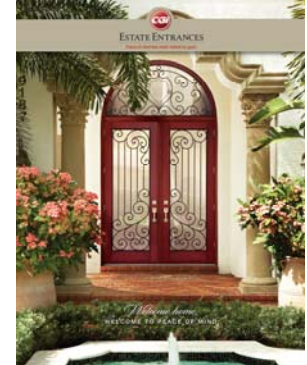

The window has the appearance of a storefront system, yet it is factory glazed with an interior snap cover to cover the installation fasteners. The series 410 is available with insulated glass as well as CGI's receptor buck system.

ESTATE ENTRANCES

Peace of mind has never looked so good.

CGI AIA Miami 2009 Allied Member of the Year

At the recent Miami AIA 55th Annual Design Awards Gala, CGI was awarded allied member of the year. The award was in recognition for the ongoing support and participation in AIA activities and events. In attendance at the awards ceremony held in the Miami design district was Ryan Duffield Senior Sales Representative, Oscar Cordova National Sales Manger and Len Quist Director of Marketing.

Word From The CEO

As 2009 comes to a close all of us here at CGI Windows and Doors want to express our appreciation for your commitment to our products and for the business you worked so hard to generate during these extremely difficult times. To continue to service your needs and those of your customers, even in these most difficult times, CGI has continued to invest for the future.

Some of our efforts over the past year include:

- The launch of our Estate Entrances Collection of luxury entrance doors. We are excited about how this product can help you expand your sales. Please take a quick moment to review the many features and benefits this product line offers.
- The roll-out of our new Horizontal Rolling Window. This product is the result of numerous requests we received from you.
- The addition to our lineup of a Large Format Fixed Window. This product has many applications from a residential picture window to commercial applications. When coupled with the products high design pressures, this fixed window is very flexible.
- Thank you for your comments on the improvements we have made in our sales service & support area, including improved lead times and better dealer information flow.
- We continued with our architectural outreach efforts and home show attendance in our current and new markets. We remain a member of ARCAT for architectural support.
- We will continue with our new product announcements throughout 2010 starting with our soon to be announced 3-track SGD and pocket options.

We remain committed to the expansion of our products and services to help you sell more by providing your customers with the best lineup of products in the market. During these difficult times, we have continued to invest in our collective futures and look forward to a more prosperous 2010.

Enjoy the holidays and our best wishes for a successful 2010

Best Regards,

Brian T. Evans, Sr.

Brian Duffield, Oscar Cordova, Natividad Soto - President AIA Miami and Len Quist
